## CPMCA Scholarship Guidelines

The CPMCA Scholarship Program is established to award one new scholarship per year. The recipient receives \$4,000 per year (in two \$2,000 disbursements) for up to (4) four eligible years, a potential total of \$16,000; subject to verification that the student meets the minimum requirements delineated below.

Each CPMCA Contractor Member may recommend individuals to be considered for a CPMCA Scholarship. If multiple individuals are recommended by a Contractor Member the Scholarship Committee will evaluate and only select one individual per Contractor Member for consideration for the scholarship. To be eligible for selection the applicant must be a child, grandchild or sibling of an employee or owner; or a current employee working a minimum of sixteen hours each week for a minimum of three months prior to the scholarship submittal deadline.

To be eligible for the scholarship the candidate must be awaiting acceptance, accepted by or currently attending a four year accredited college or university as a full time student in an undergraduate program (minimum of 12 units). The candidate must also be enrolled in a four year major that is beneficial to the Mechanical Contracting Industry as determined by the Scholarship Committee.

Minimum requirements to be considered for the CPMCA Scholarship and/or renewal are a “B” average (2.7 GPA or higher) and proof of enrollment at a four year college or university with a major beneficial to the Mechanical Contracting Industry (determined per above). Recipients must forward, on a semiannual basis, proof of enrollment, number of units taken, academic record, anticipated class schedule and proof of major to the CPMCA office. Failure to submit semiannual data will result in forfeiture of the scholarship. Furthermore, if a scholarship recipient’s GPA falls below 2.7 in any given semester/quarter, the candidate’s future scholarship checks will be put on an indefinite hold. The candidate must achieve a 2.7 GPA or higher in the subsequent quarter/semester and must provide proof of enrollment in a full course load in the next school year. Failure to meet 2.7 GPA in any subsequent semester/quarter will result in permanent removal from the program.

The CPMCA Scholarship will be awarded based on personal information, GPA, SAT, college plans, and an essay. The essay must address how the Applicant’s major could be beneficial to the mechanical contracting industry. Interviews will be conducted with the top four applicants.

**Essays should be no more than four TYPEWRITTEN double spaced pages.** Essays will be judged on content and clarity. Grammar will not be evaluated; however, the applicant should understand the importance of written communication in the mechanical contracting industry.
